

## How To Open A Bankruptcy Case (and File A Petition)

This Section will guide you through the process of opening a bankruptcy case and filing a petition. ***Users must have the petition prepared and in PDF format before trying to open a case. ECF will not permit you to open a case without a PDF document to upload. (This document must be the petition.)***

### **Rules to Remember:**

1. Unless filing a skeleton, include all of the schedules with the summary page, the statement of financial affairs and the statement of intention if applicable and the Disclosures of Compensation together as the same document. **Do not upload these pages individually.**
2. A Declaration Re: Electronic Filing must be filed as either an attachment to the petition or separately as an individual PDF Document.
3. A matrix is uploaded as a .txt document and is treated separately in this manual.
4. The following documents are always filed as separate documents, never as attachments to the petition:
  - a. Chapter 13 plans
  - b. Applications to Waive the Filing Fee (In forma pauperis)
  - c. Applications to Pay the Filing Fee in Installments are always filed as separate documents.
  - d. Form B21-Social Security Statement
  - e. Certificates of Credit Counseling
  - f. Statements of Monthly Income - Means Test, Disposable Income and CMI documents.
  - g. Certificate of Financial Management

There are two methods for opening a bankruptcy case, the quick way and the conventional way. To use the quick way, you must have petition preparation software that prepares the necessary files in the correct format.

This manual provides instructions for the conventional method of filing. For more

information on using the commercial bankruptcy software with ECF, contact the various vendors.

A later screen will prompt you to identify the missing documents.

- Click **Next** to continue

**Step 4** The **PARTY SEARCH** screen displays.

### Search for Duplicates

Before adding a party, search the database for the filer name to eliminate duplicate records in the system. You may search by Social Security Number, Tax Identification Number, Last Name or Business Name.

- Enter the debtor’s last name or SSN, including the hyphens, in the correct box and click **Search**.

- For business filings, enter the entire name in the **Last/Business** name field or their Tax Identification number in the Tax Id field.
- **DO NOT USE** a party record for a debtor if the social security number (*or in the case of a corporation or partnership the tax ID number*) is missing or if the name of the debtor or the tax number differ from those of your client. If there is more than one name on the list that matches exactly your client's name and there is no match for the social security or tax ID number for the first name on the list, click on the **Back** button on your browser and repeat the inspection of the Party Information record for the next name on the list until you find a match or conclude that there is no record where both the name and social security or tax ID number match your client's name and number.

If no existing record has both a matching name and matching number, proceed to create a new party record.

**Search Hints:**

- Enter one field or data for each search
- Format Social Security or Tax Id Numbers with hyphens
- Include punctuation (Garcia-Carrera)
- Try alternate search clues if your first search is not successful.
- Partial names may be entered.
- Wild cards (\*) should not be used especially by itself. ALL records in the database will be searched and unnecessary system resources will be used.

**Step 5** When there are no matches, the system will return a **No Person Found**

message.

- Since the party is not already on the database, proceed to add the debtor. Click **Create New Party**. *(Search criteria already entered will carry over to the new screen.)*

The screenshot shows the ECF (Electronic Case Filing) system interface. At the top is a blue navigation bar with the ECF logo and several menu items: Bankruptcy, Adversary, Query, Reports, Utilities, and Input. Below the navigation bar, the main area is light blue. Below these fields are two buttons: "Search" and "Clear". Under the "Search" button is the heading "Party search results". Below this heading, the text "No person found." is displayed. At the bottom of the search results area is a button labeled "Create new party".

- If the party has an alias, click the **Alias** button.

## Step 7 The **ALIAS** screen appears.

You may enter up to 5 alias records per screen. If you have more than five (5), enter the five (5) and Click on **Add aliases**. You will be brought back to the Party Information screen. Click **Alias** again and you will be allowed to add more records.

- Click **Return to Party** screen.

**Step 9** The **PARTY INFORMATION** screen appears again.

**Note:** If filing on behalf of joint debtors, a **JOINT DEBTOR PARTY** screen would appear next.

**Note:** As a Registered User opens a new bankruptcy case, a link to their name and contact information will be made automatically by the system. There is no need to enter yourself as the filing attorney when opening a bankruptcy case. *(Please also note that only Court users may enter attorneys or designate Lead attorneys.)*

If you are finished adding information for this new party, click **Submit** to continue with Case Opening.
